Please support our spay and neuter of more than 1,000 cats each year!

The **Coalition For Community Cats (C4CC)** will hold its 18th annual fundraising walkathon – **“Put Your Best Paw Forward!”** – honoring National Feral Cat Day on Sunday, October 13, 2024. The walk includes a silent auction and begins at 10 a.m. in front of the **California Automobile Museum** in Sacramento.

C4CC is an all volunteer organization that assists people who spay and neuter abandoned and feral cats. C4CC provides year-round vouchers for local spay/neuter clinics to help reduce the cat overpopulation in our community. Our voucher program and spay/neuter clinics are supported by many volunteers, resulting in the spay/neutering of more than 1,000 cats each year! Since each feline can have many litters, these spays and neuters prevent tens of thousands of additional kittens.

We are hoping local businesses will help us continue these efforts and support C4CC by becoming donors and sponsors for our fundraiser. This event is designed to create greater awareness of the thousands of abandoned community cats in the greater Sacramento area and to promote more responsible pet ownership in our neighborhoods and communities.

We would greatly appreciate your participation in our fundraiser through the donation of items for the silent auction and/or financial sponsorship of the event. We would love to include you among our sponsors and friends! If your sponsorship is \$50 or more, be sure to indicate what name you would like on the website. Your letterhead or a business card works well. If your sponsorship is \$250 or more, please include camera-ready copy of your logo with your check so your company logo can appear on the back of the event t-shirts.

Please make your check payable to C4CC and **mail by September 15th** to:
